Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Monday 14 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and sunny for most. Hot towards the east.

Today:
A dry start with low coastal cloud in the far west and through the Bristol Channel, sunshine elsewhere through the morning. A bit more cloud generally by the afternoon. Highest temperatures in the east, where it will feel hot again. Maximum temperature 27 deg C (81 deg F).

Tonight:
Occasional sunny spells through the evening with some clear spells during the night. A cooler and fresher feeling night than of late, with light winds. Minimum temperature 5 deg C (41 deg F).

Tuesday:
A dry and bright morning. Remaining dry with increasing amounts of sunshine through the afternoon and into evening. Feeling very warm again in most areas. Maximum temperature 24 deg C (75 deg F).

Outlook for Wednesday to Friday:
Some sunny spells ahead of heavy, perhaps thundery showers later on Wednesday. Occasional sunny spells and the risk of heavy, possibly thundery showers on Thursday and Friday.
